"La promesse, like a photographic poem, reveals through the years & seasons fragments of my love & family diary. Faces, places, details echo on each other and draw between the lines the film of our memories. Expectations and absences, cycles and splits, joy and cracks – from the desire of child to maternity and motherhood, and then childhood revisited, la promesse celebrates the little vertigos, the secret fears and quiet miracles of an ordinary life, tracing a contemplative memory of time passing by."
