

Souvenirs du paradis terrestre
Fanny Baxter, Marion Lefebvre

Souvenirs du paradis terrestre on earth is the result of a voluntary experience of rediscovering the world around us. It is by combining words and photographs Fanny Baxter and Marion Lefebvre have composed each memory in the form of a vertical triptych consists of three distinct elements. Each of these elements belongs to a family of independently developed: Saints X (portraits of individuals, tagged, photographed from life, random street), relics (images of objects and areas of everyday life, sanctified by sticker) and ad-iation (collection of classified ads collected over the meetings).
